Charting A Safer Course

The Mattapoisett Power Squadron Stresses Boating Safety

With the unofficial start of the summer season just weeks away for boating enthusiasts in and around the tri-town area, the time is right to start thinking about proper procedures and waterway regulations to ensure safe sailing for all involved.

And one local group which can assist greatly in this task is the Mattapoisett Power Squadron.

Boasting just over 100 members, the local chapter of a 50,000-member organization which has some 450 individual branches nationwide provides the bulk of their support and navigational expertise to boaters in Mattapoisett, Marion, Rochester and Wareham, with additional fringe members from Middleboro and Lakeville.

Unlike some of the more prominent yacht clubs throughout the area and the government-supported U.S. Coast Guard Auxiliary, the Mattapoisett Power Squadron is a private, non-profit organization which brings together members with a common love a..d appreciation for recreational boating.

Although new members must be introduced and sponsored by an existing member, there are virtually no other restrictions on membership in the organization.

"We admit anyone, regardless of race, religion or sex," said Robert L. Kittredge, Treasurer of the Mattapoisett Power Squadron. "The best way to become a member is to take the Safe Boating Course we offer and, if you score an 80 or better on the exam, you'll be given a certificate of completion. In most cases, we usually invite those who earn the certificate to join the Power Squadron."

Indeed, boating safety has become the watermark of the United States Power Squadron (USPS). Founded in 1912 by a group of Boston Yacht Club members who believed there was a serious lack of knowledge of the proper handling of motor boats, the group went national in 1914 and has gone to great lengths to educate people on the safe and proper way to navigate and maintain personal power vessels.

As the United States entered World War I, the USPS organized an extensive series of classes — open to non-members as well as members — for the study of seamanship, signalling, navigation and naval procedures. This was the beginning of many civic services which have been offered by the USPS over the years and would eventually become the basis for the Safe Boating Courses offered today. Over 5,000 men who attended those Squadron classes entered the Armed Forces, many of them receiving commissions partially on the basis of USPS training.

In the late 1920's, a review of the entire instruction program for USPS members was undertaken, and a system of Advanced Grades was established, which made provision for the various courses now taught by the organization, including Piloting, Seamanship, Advanced Piloting, Junior Navigation, and Navigation.

"So many people have little or no knowledge of proper boating procedures," said Mr. Kittredge. "By stressing education and offering a Safe Boating Course, we feel we can greatly reduce the risk of boating accidents."

The Power Squadron usually holds two sessions of their six-week Safe Boating Course each year. The course is offered free of charge to anyone interested in taking it, but those enrolled are asked to pay a modest fee (the most recent course cost $7) to cover rental of classroom facilities and they also need to purchase a manual and training supplies. Jean Kittredge, Publicity Chairwoman for the Mattapoisett Power Squadron, noted that the course will cost an individual no more than $35 total ... and a husband and wife, or two other family members can share materials and spend only $45 jointly to take the course.

The Safe Boating Course has met with great approval from many participants — and it meets

state requirements for licensing of those under the age of 16 to operate a power boat. "The state requires only those under 16 to be licensed to operate a power boat over 25 horsepower," Mr. Kittredge said. "In many ways, I wish everyone were required to be licensed — much as they are required to be licensed to drive a car."

But lest the group be thought of as a strictly educational forum, it should be known that the Mattapoisett Power Squadron also provides many social activities for its members as well. "Primarily, we exist to promote safe boating, both for our members and for the general public," Mr. Kittredge said. "But we also have social functions throughout the year ... including our Annual Founder's Day Ball and a summer rendezvous at a select beach or island in Buzzards Bay."

For a modest annual membership fee — $36 for individual membership, $42 for a family membership, and $2 per year for junior members — the benefits of belonging to the Mattapoisett Power Squadron also include receipt of a regular newsletter, *The Wash*, and the ability to fly a burgee which displays the Mattapoisett Power Squadron ensign, featuring an appropriate depiction of a whale.

Mattapoisett Selectmen's Meeting

March 22, 1994

By Bethany Morgan

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, March 22 at 6:30 pm by Chairman John N. DeCosta. Also present were Selectman Paul E. Lambalot and Executive Secretary Carol J. Adams. Selectman Daniel Mahoney is still away in California.

The board first held an Open Meeting to discuss the possibility of hiring an outside agency to handle the billing process for the town's ambulance service. Present were members of the board, Police Chief James F. Moran, and COMSTAR representative Richard Saunders. COMSTAR is presently used by the town of Fairhaven for its ambulance billing purposes. It is also being considered as the billing agent for Mattapoisett.

Chief Moran explained that the present billing situation the town faces is not sufficient and, at best, inadequate. Over the years, the billing was handled by many departments of the town including the Town Hall secretary and the Landfill secretary, and now rests within the Police Department. With each changing of the guard, the billing process has become more complicated and

more extensive.

Chief Moran felt that a company with specific expertise in dealing with health insurance, car insurance, and hospital billing procedures would prove itself to be more efficient for the town. Currently, ambulance operation and expenses cost approximately $47,000 per year. The town, with its average of 125 to 350 ambulance runs per year, does not collect enough to cover their operating costs. Chief Moran feels this is due to improper billing procedures.

Chief Moran also stated that if the town contracts with COMSTAR or any other collection agency, the funds generated would go into a fund to pay for a new ambulance the town will shortly require to keep its licence in order to provide ambulance services.

Resident Jarvis Stratton said: "I feel we pay taxes for a certain number of services, including ambulance services." Mr. Stratton also said that ambulance fees were "put on as a token" — those who could pay did, those who couldn't were never pressed to make payments. "We are not in the profit-making business. It's the wrong philosophy," he said.

Richard Saunders of COMSTAR commented that the insurance company premiums include charges for ambulance runs. Selectman Lambalot said that provisions would be made for those who do not have insurance or are experiencing hardships on the town level.

A meeting with the state Department of Revenue to discuss the creation of an ambulance fund along with an investigation into the bidding process will be the next step taken regarding this issue. A general consensus was formed among the residents present to further investigate the use of an outside company to perform the town's

billing. Ambulance fees, waivers, and the ambulance fund were yet to be determined.

The board next met with Town Counsel Thomas Crotty for the purpose of accepting a settlement check in the amount of $62,194.62 from SEMASS. The town sued SEMASS for assessing them an additional fee for Acid Gas Control or "scrubbers" at the waste facility. The town maintained that such a cost was not included in their original contract with SEMASS and was awarded the settlement amount.

Meetings scheduled throughout the week include:

• Thursday, March 24 — Senator Marc Pacheco will hold a constituency meeting from 4:00 to 6:00 pm.

• Friday, March 25 — Education Reform Meeting in Middleboro. Selectman DeCosta and Executive Secretary Carol Adams will be attending.

• Monday, March 28 — Housing Co-op Meeting will be held at 7:00 pm in the Marion Town House.

The board received a copy of a letter to the Executive Director of the Housing Authority from Fire Chief Ronald Scott. Chief Scott addressed problems he found during a recent inspection of Village Court. Such problems include: the need for installation of handrails, paint and related materials to be kept in a flame proof container, all chemicals be reported to the Fire Department and have MSDS sheets available, the snow blower attachment must be moved for access by the Fire

The board also received a copy of a letter to Rep. William Straus from Leland Craver urging his assistance in appealing Secretary Mary L. Padula's decision not to increase the Soft Second Loan Program for the Tri-Town Housing Co-op.

The board also received a Special Permit to relay contaminated shellfish from the state Division of Marine Fisheries. The permit allows the removal of quahogs and American oysters from the waters of Mattapoisett River and Eel Pond to be relayed to Pine Island Pond Channel for "propagation and natural purification purposes." Marion Selectmen's Meeting

March 22, 1994

A meeting of the Marion Board of Selectmen was called to order in Executive Session on Tuesday, March 22, 1994 at 5:00 pm by Chairman James S. Dougall. Also present were Selectman Loretta B. Schaefer, Selectman Albert E. Winters, Executive Secretary Ray Pickles, and Secretary Helene Craver.

After discussing union negotiations with the Police Department in Executive Session, the board resumed its regular business agenda at 7:20 pm, beginning with approval of the minutes of the March 15 meeting.

The board next signed treasury warrant #38 for the week, and signed and approved the following appointments to the Music Hall Restoration Committee: Gerald Gautreau, Ann Washburn, Warren Washburn, Dennis Luttrell, and Helenka Currens. Currently there are about twelve appointed members on the committee, but there is still space available. Interested residents should contact the Board of Selectmen's Office, c/o Town Hall.

Scott Cowell and Jonathan Dickerson of the town's Recreation Committee next came before the board to discuss the possiblity of expanding an open field off of Washburn Park for town use. "The Recreation Department has had problems with a shortage of space lately," Mr. Dickerson said. "We've been considering opening a section of Washburn Park which is about 150 by 300 feet, located

Mr. Dickerson noted that since the area was already pretty much devastated, it would make an ideal location for expansion of an open field. "We're not looking at setting up a baseball field ... we'd just like a large open space which could be utilized by any team or group. We're hoping to fund the project strictly through donations from residents and would like to set up an account through Town Hall for this purpose. We're also looking to the Board of Selectmen for support and guidance in this venture."

Both Mr. Dickerson and Mr. Cowell also suggested dedicating the field in memory of Kim Briggs, who devoted so much of his time and energy to the betterment and upkeep of the park.

"The whole park really could use a revamping," Mr. Cowell said. "It's an overall project that could be done at one time. What we really need is an open space for soccer, baseball, dog shows and other events."

The Board of Selectmen were very receptive to the idea and agreed that dedicating it in memory of Mr. Briggs was appropriate. "I discussed this project with (Mr. Briggs) last year and he agreed it would be worthwhile, since we wouldn't be destroying anything to create the field," Chairman Dougall added.

Selectman Schaefer moved to ask the Town Treasurer to begin accepting donations for the newly-established "Kim Briggs Memorial Field" Fund. The motion was passed via unanimous vote.

Executive Secretary Ray E. Pickles next sent a memo to the board advising them that he discussed the possiblity of setting up handicapped parking spaces outside St. Rita's Church on Front Street and the

At a rate of 50 cents per subscriber, Continental Cablevision currently serves some 1,502 subscribers in Marion.

basin near their home off County Road which is becoming a safety hazard. "The basin (exceeds) five feet in depth and (retains) high water levels," wrote the couple in their letter. "The open basin design has become disfunctional in that the storm drain hasn't been cleaned, and as a result sand and debris has caused it to be less absorbing."

Mr. Pickles advised the board that the basin is actually a bigger problem than the Cosman's have suggested. "When the town accepted the road (in 1990), we didn't accept the easements for the drainage basins," he said. "Now we're faced with the problem of having to go through a Special Town Meeting to accept the basins before we can do any work on them."

David K. Pierce of the Planning Board informed the board that they've been advised of the situation and will contact the current property owners to see what steps can be taken.

The board received a letter from the ORR Track Supporters, advising them that they are working toward a major fundraiser to help fund restoration of the track at the high school. Since increased restrictions are being

placed on the use of Tabor Academy's track, concerned parents and citizens have formed this organization to raise the money needed to repair the facility at ORR. Thus far, the group has received $15,000 unsolicited from an anonymous donor. "It is our goal to raise the money needed without having to go to the taxpayers of the three communities," the letter stated. "If, however, the individual towns can find any funds to add to the support of the project, they would be welcomed."

Chairman Dougall said, as a private contractor, he would be willing to donate some of his time toward the project. Further details on the effort will be forthcoming.

Chairman Dougall noted under the DPW report that the town's Rates, Rules and Regulations for the Sewer Department have not been revised since being adopted on march 19, 1954. He suggested that it might be time to review said item and make any necessary revisions or changes. Selectman Schaefer noted that she found it interesting that the use of Sump Pumps which pump water into the Town sewer mains is prohibited.

"I think we really need to advise homeowners that it is illegal to connect these sump pumps to our sewer system," she said. "It puts an added strain on our Wastewater Treatment Plant. I know of several residents with sump pumps connected to the system ... I suspect that most people aren't aware that it's illegal."

Before adjourning for the evening, Selectman Winters commended *The Wanderer* and *The Standard-Times* for publishing Helene Craver's letter memorializing the late Abilio Roderiques. "I think it was a fine tribute to Abel and I was glad you saw fit to publish it," he said. Resident Tyler Blethen echoed Mr. Winter's remarks. "I knew Abel pretty well, and I think he would have been proud to read the letter," he said. "I think we can safely assume he would say: 'Go for it.'"

The board adjourned for the evening at 8:20 pm.

Rochester Selectmen's Meeting

March 21, 1994

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, March 21, 1994 at 5:30 pm by Chairwoman Lorraine Roy Hawkes. Also present were Selectman David L. Hughes, Selectman Michael Murphy and Administrative Secretary Shirley A. Ferreira.

After reviewing the fiscal budgets for the town's Dog Officer, Council on Aging, and Conservation Commission, the board commenced with regular business for the week at 7:00 pm by approving the minutes of the March 14 and March 16 sessions, with some minor changes as amended by Chairwoman Hawkes.

A scheduled hearing with Mr. LaFrance to consider revocation of his Class II license for Vaughan Hill Motors was cancelled as payment of back taxes had been made earlier that day. Chairwoman Hawkes noted that since all back taxes have been paid in full, the board would rescind its earlier recommendation that the license be revoked.

Under incoming correspondence for the week, Chairwoman Hawkes cited a letter from Robert P. Gonneville expressing interest in serving as Deputy Herring Inspector with the town. Another letter was also submitted from Herring Inspector

A copy of a legal opinion from Town Counsels Kopelman and Paige, P.C. was next sent to the board upon a request from the Conservation

Commission to review their amendments to the town's Wetlands Protection By-Law. Attorney Elizabeth A. Lane informed the ConCom that the by-law changes as submitted were "lawful and acceptable as to form." The proposed amendment will appear as an article on the upcoming Annual Town Meeting warrant.

Rochester resident Shelly Visinho next submitted a copy of a letter she sent to Building Inspector Robert Francis regarding the Todesca Asphalt Plant. Ms. Visinho noted in her letter that since the applicant has requested a Site Plan Review permit, they have admitted that the plant is subject to the provisions of the town's zoning by-laws, including height limitations.

"Accordingly, we request that you enforce the provisions of the zoning by-law by issuing a cease and desist order, based on the fact that the proposed plant exceeds the maximum height limitation," she wrote. "The application submitted to the Department of Environmental Protection for a clean air permit clearly indicates that the plant is a minimum of 48 feet high. Since no variance has been granted, the plant's height is illegal."

A response to Ms. Visinho's letter is still pending from Mr. Francis and this matter will be discussed further at a public meeting slated for Thursday, March 24.

The board next received an article from the Council on Aging to be placed on the Town Meeting warrant to purchase a 12-passenger van. The article does not yet specify the cost of the vehicle, as the item will have to go out to bid. The First Congregational Church also submitted an article for the warrant to draw up a deed specifying the details of their recent land exchange with the town. Both articles will be placed on file for consideration at the Annual Town Meeting on May 16.

The Alcoholic Beverages Control Commission sent a notice to the board informing them that Gov. Weld signed Chapter 481 of the Acts of 1993 on January 14. This provision would allow cities and towns to permit common victualers already licensed to sell wine and malt beverages to also sell liqueurs and cordials. However, any city or town wishing to grant this option to local businesses must first vote to accept the provisions of the law — in Rochester's case, this would require approval via Town Meeting vote. An article will be drawn up and placed on the Town Meeting warrant.

The accounting firm of Rodrigues, Guckin and Tobojka next sent a copy of the schedule of financial assistance and an auditor's report for the year ending June 30, 1993. Chairwoman Hawkes

noted that the firm will come before the board next week to discuss their recent audit of the town.

Selectman Hughes and Selectman Murphy next submitted a copy of a letter they drafted in response to a recent article in *The Standard-Times* concerning the expansion of Town Hall hours on Friday afternoons. "Your article has made people believe that they were getting something for nothing," they wrote in the letter. "And we want it made clear that Town Hall employees and other employees of the Town, including elected officials, give over and above what is required of them."

In moving that Town Hall be opened on Friday afternoons last week, Chairwoman Hawkes noted that four clerical employees have been paid for the additional three and half hours since 1986 when a previous Board of Selectmen voted to close Town Hall at 12..0 noon on Friday — even though they no longer worked those hours.

Selectman Hughes motioned that the letter be submitted to the newspaper's editor for

publication, but Chairwoman Hawkes said she was in opposition. "Just for your edification, I have reviewed the payroll records back to July of 1993," she said. "So far, in the 36 weeks which have passed in (this) fiscal year, we've paid 126 hours in compensatory time to each (of the four Town Hall clerical employees) for working evening meetings. That comes out to $4,287.78 ... so I can't in good conscience condone sending that letter to *The Standard-Times*. I have no problem with the way the article read. I think it was very accurate." The motion was passed, however, via majority vote.

Chairwoman Hawkes also informed her fellow board members that she has collected information on the Communications Department payroll and vacation time and would like to send it to Town Counsel to review before discussing certain discrepancies with Chief of Communications Scott Ashworth. She also said she would like Town Counsel present during the discussion, as Mr. Ashworth has requested that the matter be discussed in Executive Session.

Selectman Hughes said he wasn't prepared to vote on a motion until he had time to review the information which had been collected. But Selectman Murphy, after briefly looking over the data in question, said he had no problem seconding Ms. Hawkes' motion that it be reviewed by Town Counsel. The motion passed via majority vote, with Selectman Hughes abstaining.

"I would also like to move that all departments under our authority submit copies of the records they keep relative to vacation time, compensatory time, holidays, and personal days

owed to employees," Chairwoman Hawkes said. "This way the Town Accountant can keep this information on file." The board unanimously approved the motion.

The board next signed and approved an invoice from Town Counsel in the amount of $570.54 and noted that they had received eight letters from residents interested in serving on the town's Personnel Review Board. "I'd like to schedule these people to come before the board so we can consider their appointments," Chairwoman Hawkes said. "We'll tentatively plan on slating them for our April 11 meeting."

At 7:45 pm, representatives from the Coalition for Buzzards Bay came before the board to discuss their Annual Environmental Report Card with the board and to clarify some of the answers submitted to them on a survey completed by various town departments.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:15 pm.

Letters to the Editor

To the Editor:

This letter is prompted by recent events in Rochester regarding Police Chief Walter Denham. Two members of the Board of Selectmen have voted to place a "letter of reprimand" for purchasing an inappropriate computer in the Chief's personnel file.

It is hard to believe that David Hughes is honestly motivated to judge the purchase of an inappropriate computer "mismanagement." Approximately 10 years ago, we read in the

newspapers about Mr. Hughes' management skills in a laundry business he owned at the time. We read that the IRS had padlocked the doors, because of misuse of the employees' withholding taxes.

Mr. Hughes was subsequently arraigned in Suffolk Superior Court (June 11, 1984) on 59 counts under General Laws 62C, Sec. 73. Mr. Hughes entered a plea bargain, which is an admission of sufficient facts, and paid substantial penalties, financial and otherwise.

Michael Murphy's role is hard to understand, as he ran for office with the promise to run the town like a business. Still, he and Mr. Hughes have spent well over $1,000 of the taxpayers' money for legal advice on this venture, with only a vendetta as a goal.

I believe Mr. Murphy is in violation of State Ethics laws when he votes or enters into discussion on Police matters. As Manager of Murphy's Auto Salvage, he does all the towing of vehicles for the Town, most calls coming from the Police Department. Mr. Murphy should have sought the

advice of the State Ethics Committee earlier, but should at least do it now.

In my opinion, the actions of these two Selectmen are prearranged and decided on well before the Selectmen's Meetings, which would be in violation of the Open Meeting Law.

It is time for the residents of Rochester to realize that Mr. Hughes' attacks on outstanding town servants such as Walter Denham — and before him, Georgia Chamberlain — are self-serving and mean-spirited, and NOT IN THE BEST INTEREST OF THE TOWN. This community considers itself fortunate to have a Police Chief of Walter Denham's caliber, and the two members of the Board of Selectmen mentioned here should be aware of that, before continuing on this destructive course.

Sincerely,
Michael Soares

To the Editor:

To the voters of Rochester: Election time is upon us again. We need to make a choice of who will be in charge of our wonderful town for the next three years. We are long overdue in making a change in office. We need someone who is going to lead the town in a professional manner.

Mr. (David) Hughes has *not* demonstrated the necessary skills that he professed to have when he ran a year and a half ago. He claimed he would bring "leadership to the Selectmen's office."

Where is it?

Mr. Hughes has not brought in any new ideas to help the town with its ever-increasing tax rate. What new ideas has he brought to the table for long-range planning? He does not have a plan. Is this really the man we want in office for three more years? I, personally, do not think so. We need a person with new vision; someone who has the education and professional skills to lead our fine community.

I make these commentss from observing Mr. Hughes at the Selectmen's meetings on Monday nights. We can no longer tolerate the laissez-faire attitude or political maneuvering that is so destructive to our town. I am one of the younger generation of taxpayers who is fed up with this OLD STYLE of government that Mr. Hughes personifies.

We need someone who is concerned about the future of our town. We need a Selectman who will provide strong leadership qualities and a long-range plan to take Rochester into the 21st century. I urge the voters of Rochester to come out on April 13 and make that change. The only choice for Selectman

To the Editor:

Helene Craver's March 18 letter in *The Wanderer* about Abilio Roderiques verbally has the quality of a priceless painting with both its highlights and depth of character. At the same time, she has lighted a candle to memorialize a man who was the embodiment of a disciple of democracy.

Some may have been impatient with Mr. Roderiques as he made his frequent trips to the microphone at meetings, but he brought to Marion from Cape Verde the same simplistic truths that Lincoln brought to our nation — that government should be of, by and for the people.

Ms. Craver's comment that "From now on, 'everyman' will have to ask his own questions," will, it is hoped, inspire a greater analysis of the workings of government by every citizen and engender their full participation in the system of democracy itself ... not just in the part where they personally benefit.

The voice of Abilio J. Roderiques is now silent, but his spirit and courage to seek truth is a legacy that should live on to encourage others to do so. The town might well establish an annual award

St. Jude's Bike-A-Thon

St. Jude's Children's Research Hospital announced today that Amy Rose has agreed to be the coordinator of the St. Jude's Children's Research Hospital Bike-a-thon in Mattapoisett on May 14.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which afflict our children. St. Jude's Hospital is a non-sectarian, non-discriminatory institution which covers all costs of care beyond those reimbursed by insurance.

At St. Jude's, scientists and physicians are working side-by-side seeking not only a better means of treatment, but also the causes, cures, and prevention of these terrible killers.

All findings and information gained at the Hospital are shared freely with doctors and hospitals all over the world. Thanks to St. Jude's Hospital,

When You Asked For New Expanded Banking Hours

"It would be nice if the bank was open a bit later I get out of work at 4pm."

"Earlier drive-up hours."

We Responded In Minutes.

The results of our recent Customer Survey are in. When we asked about banking hours, your answers were quite specific.

Did you know that some towns "get up"earlier than others? And that other towns tend to bank later in the day?

So rather than change our hours across the board like some banks do, we will continue to meet the specific needs of our customers, branch by branch, town by town.

You'll find that where customers like to bank on their way to work, we're open earlier. Where they'd like our drive-up windows to be open longer, they're open longer.

At Plymouth Savings Bank, we are definitely customer driven.

So, to find out the banking hours of the Plymouth Savings Bank branch nearest you, call the branch at the number listed below.

We want to serve you better. That's no spur of the moment decision, it's part of our philosophy.

children who have leukemia, Hodgkin's disease, sickle-cell anemia, and other child-killing diseases now have a better chance to live.

The Bike-a-thon program this year is dedicated to seven-year-old Shauna Richters. Shauna was diagnosed with Wilms' tumor, a malignant growth on her left kidney, in December 1990. Surgery successfully removed the tumor, and Shauna returns to St. Jude's Hospital about every six months for check-ups.

She celebrated her last chemotherapy treatment with a present she eagerly looked forward to: a new bike. Shauna is a living example of the successful research, patient care, and educational programs made possible by the Bike-a-thon campaign and this internationally-recognized hospital.

In Massachusetts, two children and their families have gone to St. Jude's Hospital and received total medical care for a catastrophic illness. Thousands of others have benefited from the research findings that have developed better and more successful treatment methods.

We sincerely appreciate the concern that Amy Rose has for our work to help children like Shauna, and we hope the citizens of Mattapoisett will support the Bike-a-thon on May 14, 1994 to help provide the funds needed to preserve the world's

Poetry Group Forms

Bartleby Scrivener Poets is a new poetry group being formed in New Bedford. The group's name is derived from Bartleby, the Scribe, the main character in Herman Melville's short story, "Bartleby, the Scrivener." The tale tells of a nineteenth century scribe who refuses to compromise his principles and conform to the conventions of his day.

"I wanted the poetry group to be related in some way to Melville, since New Bedford and whaling figure so prominently in his works," commented Susan Grace of Mattapoisett, who is organizing the group. "And, since poets, for the most part, tend to be unconventional, non-conformist type people, Melville's characterization of Bartleby seemed to represent that unique, creative, free spirit of the artist."

The purpose of this poetry group is to promote discussion and give encouragement and

Tri-Town Phone Directory

The first alert to all residents of Marion, Mattapoisett and Rochester has sounded! The Tri-Town Phone Book Committee of the local League of Women Voters is starting work on updating the listings of names, addresses and telephone numbers for the 1994 edition. Residents should check their present listing for completeness and accuracy.

Tri-town residents who are new since last April, or anyone who has moved into the area and has not already reported in should send their present addresses and phone numbers to: LWV Phone Book, 42 Stoney Run Lane, Marion, MA 02738. All listings are FREE.

The Marion/Mattapoisett/Rochester Telephone Directory is a community service provided by the local League of Women Voters. Every postal patron in the three towns receive a FREE copy in the mail and copies are provided to the three town governments, schools and other community services. The book is made possible by many volunteers and through the support of its advertisers.

The United States Post Office is now requiring Post Office Box Numbers, if pertinent, be included in all addresses. If requested, the Phone Book editors will endeavor to include the P.O. Box number in the address listing. However, space is limited and suitable abbreviations may be necessary.

Last year over a thousand changes were made in the listings so the LWV Phone Book Committee is urging all those desiring additions or changes to send them in immediately. For further information, please contact Claire or John Russell at 748-2532.

athletes, a group of ORR Track Supporters would like to set the goal of funding a new track facility for them, one dollar at a time, and are asking the support of local businesses and private citizens.

Research is currently being done to establish what amount of funding will be required to rebuild the track and steps are underway to set up an account to receive donations that will be used for the sole purpose of track construction and maintenance. Substantial pledges have already been received without solicitation, and it is hoped that once a fund drive is underway, local businesses and private citizens will be able to provide the financial support needed for this project to succeed. A new track facility will not only benefit the regional high school, but will be available for use to all in the community. We all stand to gain from such a venture.

Once the fundraiser begins, the address where donations can be sent will be published and frequent progress reports will be issued. Unless we set the goal and are willing to get there one step at a time, one dollar at a time, we will never see ORR track athletes compete and train on a facility of their own.

For further information on how you can help in this endeavor, please contact Ashleyn Stroud at 758-4424.

Writers' Conference

Amelia Thrall of Marion and Nathaniel Lanza of Mattapoisett will be joining other high school students from across the country this summer for the Young Writers' Conference at Bread Loaf, VT. The Young Writers' is sponsored by Middlebury College. Students attend writing workshops and have one-on-one conferences with professional authors. Fashion Show

With the cooperation and help of many local businesses, the Art Department at ORR High School has held nine fantastic Fashion Shows. Because they have been such a success for all those involved, the school will be having their Tenth Annual Show this year on Saturday, April 9 at 7:00 pm in the high school auditorium. Tickets may be purchased in advance or at the door the evening of the show.

In preparation for the show, approximately 60 art students are designing and creating the fashions they will model themselves. All other art students will be involved in set design and construction, publicity, and programming. The purpose of this creative experience is to raise money for the art classes to take field trips in the spring to New York City and Germany.

Adoptable Animals

This week, Animal Umbrella is featuring numerous adult animals that need extra consideration when you are thinking of adopting a friend. The first cat available is an all-black Oriental cross. She is a spayed female and is up to date on all her vaccinations. Her owners are moving into elderly housing and cannot keep her. If interested, please call Diane at 997-4037. Diane also has a two year old male tabby who is very affectionate and also has two black Angora kittens, brother and sister, approximately 6 to 7 months old.

There are also two declawed female cats (8 years old) — one is white with long hair, the other is a long-haired orange cat. If interested, please call Tina at 997-1241 (days) or 996-4696 (evenings).

There is a mother/son combination available who are both up to date on vaccinations. The mom is one and a half years old and the son is nine months. If interested, please call Mary Lou at 758-9202.

There is also a black Labrador who needs a family with time and energy to spare. She is 13 months old, spayed, and is up to date on all her shots and is on heartworm medication. She also has been to obedience school. If interested, please call Diane at 995-4955.

And, of course, Animal Umbrella has numerous kittens available. If you want a new fluff ball for your springtime, call Tara at 748-2164 and she will give you a run down on what is available.

If you have any questions regarding any of the above-mentioned animals, please call one of our local Animal Umbrella representatives:

- Mary Lou at 758-9202
- Priscilla at 758-2896
- Tara at 748-2164
- Diane at 997-4037.

Also available for you dog lovers: a middle-aged male Beagle that was found in Rochester. If interested, please contact Janice Look at 763-2254

During the spring, the group needs a lot of warm cages for the orphaned cats and kittens which are picked up. If you can help, please call one of the above-mentioned representatives.

Mapping Grants Announced

The Buzzards Bay Project and the Buzzards Bay Action Committee jointly announced that two grants totalling $25,000 will be awarded to four Buzzards Bay municipalities for the purposes of mapping coastal resources. The purpose of these grants is to enable towns to map coastal features including docks and piers, pollution sources, shellfish and wildlife habitat, eelgrass beds, structures and development near shore, open space, conservation land, and wetlands. This data will enable the municipalities to better plan for coastal development, make decisions regarding coastal projects, better protect valuable coastal resources, and help develop harbor plans.

A $6,000 Coastal Resource mapping grant was awarded to the town of Wareham to map coastal resources along the Weweantic River and its tributaries. A second award of $19,000 was awarded to the City of New Bedford, and the towns of Dartmouth and Fairhaven, who jointly applied for this funding. Coastal features will be mapped from Shaws Cove near the Fairhaven-Mattapoisett town line to Allens Pond at the Dartmouth-Westport town boundary.

Old Colony Regional Voke

National Honor Society

The Old Colony Chapter of the National Honor Society recently voted to expand the opportunities for leadership training for members of the Class of 1995.

The Honor Society members agreed to sponsor an additional Old Colony student in both the 1994 Boys State and Girls State programs this June. Old Colony students already participate in these programs sponsored by the Florence Eastman Post 280 of the American Legion.

In explaining the action of the Honor Society, President Daniel Fielding said "We feel that part of our mission as an Honor Society Chapter is to provide leadership development opportunities for students at Old Colony. Both the Boys and Girls State Programs are excellent opportunities for developing the leadership potential for our young men and women."

Applications Still Being Accepted

Applications are still being accepted and considered for the September 1994 freshman class at Old Colony Regional Voke. Any eighth grade students whose parents are legal residents of Acushnet, Carver, Lakeville, Mattapoisett, or Rochester are eligible to apply. Eighth graders from Freetown are also accepted on a space-available basis. Application forms are available in the Guidance Offices or area middle and junior high schools or may be obtained from Old Colony.

Old Colony offers not only a high school diploma but also vocational certificates in Culinary Arts, Drafting, Computer Information Technology, Cosmetology, Health Careers, Machine and Tool Technology, Welding and Metal Fabrication, Automotive, Electronics, Carpentry, Electrical, and Offset Printing. Freshmen students participate in a twelve-week exploratory program beginning in September. For further information, please call 763-8011, extension 28.

Old Colony Video

Old Colony has its own school video available for community use. The eight-minute video provides the viewer with an overview of the vocational-technical facility. The video is used by the Guidance Department when presentations are made to community groups or interested eighth grade applicants. It highlights the various vocational offerings, the academic program, and the extra-curricular activities.

According to Ms. Paula Simmons of Old Colony's administration, "It stimulates questions and provides a synopsis of what we are all about."

Copies of the videotape are available in the local middle and junior high schools and at Old Colony. To find out more information about the video or to borrow a copy, contact your local school or the Guidance Office at Old Colony (763-8011, extension 26).

volunteer chefs — construction workers, cable runners, professors and politicians — will prepare and serve their specialties to almost 1000 hungry guests.

From the decorations and entertainment to the chefs and their food, this year's festivities will have a multicultural theme. "We have a little bit of everything," said Barbara Doherty, Publicity co-chairperson of the event. "We have Lebanese, Portuguese, and French dishes ... African, Australian, and American foods. There's something for everyone."

After dinner, coffee and tea will be served in a café area with musical entertainment provided by the New Bedford Committee for Music with such groups as the jazz trio of John Harrison and Friends, and by the women's a cappella singing group, Tesseract.

Adding to the evening's festivities will be a raffle featuring over 50 items, including three box seats to a Red Sox game, two day passes to the Rose Island Lighthouse in Newport, and a pair of tickets to "The Wizard of Oz" at the Zeiterion Theater, plus many other gifts from local businesses.

Men Who Cook will be held at the Greater New Bedford Regional Vocational-Technical High
